

What and how much do I have to order?

Enter the quantities required for **one year** here.

The following generally applies: A delivery (upload or deposit) corresponds to a file from a supplier. Each parameter can be adjusted individually. To determine the correct number of deposits, multiply the number of suppliers by the desired posting frequency.

Example 1:

<input type="text" value="12"/> Consignments  366	<input type="text" value="1"/> Depositors  99	<p>You have or are a supplier and have one beneficiary.</p> <p>You want to submit a current deposit once a month . One beneficiary should have access.</p> <p>We should keep the three most recently delivered deposits for you.</p>
<input type="text" value="1"/> Beneficiaries  99	<input type="text" value="1"/> Deposit Size (in GB)  16	
Storage ? <input type="text" value="Last 3 Deposits"/>	Support level ? <input type="text" value="Customer Portal"/>	

Example 2:

you have **two suppliers** and a beneficiary.

The suppliers should submit a current deposit **once a month** . **One beneficiary** should have access.

We should keep the three **most recent** deposits from each supplier for you.

<input type="text" value="24"/> Consignments  366	<input type="text" value="2"/> Depositors  99
<input type="text" value="1"/> Beneficiaries  99	<input type="text" value="1"/> Deposit Size (in GB)  16
Storage ? <input type="text" value="Last 3 Deposits"/>	Support level ? <input type="text" value="Customer Portal"/>

Example 3:

<input type="text" value="24"/> Consignments  366	<input type="text" value="1"/> Depositors  99
<input type="text" value="1"/> Beneficiaries  99	<input type="text" value="1"/> Deposit Size (in GB)  16
Storage ? <input type="text" value="Last 6 Deposits"/>	Support level ? <input type="text" value="Customer Portal"/>

You have **one supplier** and one beneficiary.

The supplier should **once a month** submit **two** current deposits.

One beneficiary should have access.

We should keep the **last three months** (six deposits) for you .
